

90 Mile Club F.A.Q.

Do the 90 miles have to be unique miles?

No, they don't! We want to make this accessible to as many as possible and get people out on the trails. If someone hikes the same 5 miles over and over to equal 90, that will count!

Can I count miles I already hiked?

Sure because we know you enjoyed every mile and want to brag about it.

Can I get 2 patches if I hike 180 miles?

You're an over-achiever! Way to go! However, we are only handing out one patch per person.

Do I have to sign up for the e-mail list to receive the patch?

Yes. Than we can provide with helpful tips, so we recommend you sign up.

Can my kids get a patch?

Absolutely! There's no age limit—either upper or lower! Every member in your family who hikes 90 miles in the Porkies can receive a patch.

How can I keep track of my miles?

We are offering a downloadable map and record sheet to record your 90 miles. You can keep a record of hikes by scratching them out on a piece of paper, use a spreadsheet, a GPS unit, or an app on your phone there's no right or wrong way. [Link to map and record sheet.](#)

Does the 90 Mile Club cost anything?

Thanks to the Friends of the Porkies patches are free! We want to get people hiking and experiencing the diverse beauty each trail in the Porkies has to offer.

Do miles not hiked in the Porkies count?

Sorry, we are only counting miles hiked in the Porkies. We've got 90 miles for you to choose from, so there's definitely are trails for you to enjoy in the park.
